My daughter started here last month & I see a complete change from her last daycare she attended. You can tell they really care about their students & I really appreciate that even when she is not in school they still check on her well-being. I also love how clean the school is and how they keep up with hand washing. A special thank you too Ms. Helen & Ms. Rosita and my daughters teachers! We really love this daycare!

We LOVE this location! I was a new mom bringing her child to school for the first time and it was so hard. He was 2.5 and by that time his English was zero. The staff was very friendly and patient. Now he speaks fluently and I am so happy with that school. Ms Helen, the director of the school, is very helpful and responsive to any concerns that I may have. My son loves the school and his friends. The cameras help as well, I can watch my son any time.

Trust is key when looking for a daycare to watch over a child, we all know and have heard the horror stories behind some daycare mishaps, rest assured TLC, the staff and owners have earned my trust, I have the utmost gratitude towards my experiences there, and can sincerely say that it has been worthwhile for us and our child as he has made significant progress with regard to learning. This was new for us, being our first child, so it was especially hard to accept leaving our son anywhere, TLC has specific institutions tailored towards that very emotion, which helped us transition smoothly into this phase of parenting. So if you are looking for a top notch, trustworthy, daycare, The learning Center of South Park is your go to destination.

I absolutely love this center. My daughter was here for prevpk and VPK. The facility is always clean and prioritizes the health and safety of the children. The teachers are always so kind and care for each child. My daughter graduated from VPK this year and still talks about her teachers and how much she misses them. This is a place that cares and I'm so grateful my child was able to get her early childhood education here.

The Learning Center of South Park is truly the best and I'm so glad I came across it when I was searching for daycares for my son. When I first took a tour in 2019 I knew that's where I wanted to place my son. Unfortunately he didn't start until March of 2021. I wasn't ready to let him start daycare just yet. We took another tour and next thing I know we were signing him up and that was the best thing I could have done. I love that when he's sick they would check on him. And he would come home talking to me about Ms. Rosa and his classmates. I'm so happy and thankful for everything! It's a lovely place and so clean. He always wants to wash his hands at home. There are cameras to see your kids. And if you have any questions you can always call them and they will be so helpful! There's also a inside playground, so it doesn't matter if it's raining or cold weather. Thank you guys! Ms. Helen Ms. Rosita Ms. Rosa Ms Jasmine and Everyone else! You are all wonderful! Devin has grown so much and it's not just because of me and his dad, it's because you guys helped us along the way! My only regret is not starting daycare in 2019.

Devin truly miss you guys!

Excellent location, excelente staff specially teachers.

We LOVE this school! They truly care for your child like they are your own. The staff is friendly and regularly communicate with parents. I love the fact that I can see her any time I want to from the cameras in every room, and I can call at any time to speak to the director or her teachers. My Daughter loves going to school every morning and is always excited to show us what he learned or created during the day. I recommend it to every parent I know.
